

ATTENTION TO DETAIL

TECE flush plates with
individually manufactured,
metallic or coloured surfaces

NEW

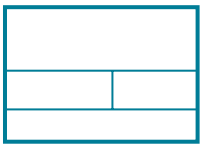

PERFECTLY COORDINATED:

TECE flush plates can now be individually manufactured to your liking with metallic surfaces or ordered in the colours of your choice. Suitable for bathroom fittings or bathroom furniture from other manufacturers. Our manufacture service even offers the option to print TECE flush plates with a personal logo or brand statement.

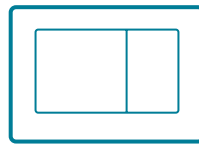

“Colour coordinated bathroom fittings and flush plates offer design freedom and allow adjustment to any bathroom ambient. They’re the perfect expression of perfection in every detail.”

TECE flush plates made of plastic and stainless steel can now be delivered individually with metallic or coloured surfaces.

TECE flush plates with coloured surfaces

- metallic surfaces, suitable for fitting ranges from other manufacturers
- coloured flush plates in countless, freely selectable colour tones
- individual inscription (logo or brand statement as monochrome imprint)

1

TECE flush plates in unique colours with extraordinary sharpness. The electro-plated surface is more scratch-resistant and durable than standard surfaces.

Choose from:

Brushed Bronze

Brushed Red Gold

Brushed Nickel

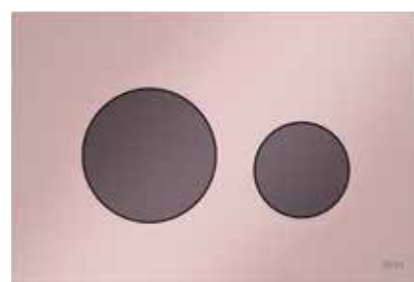

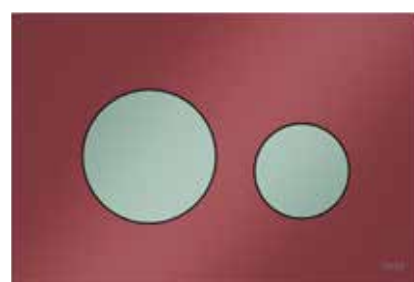

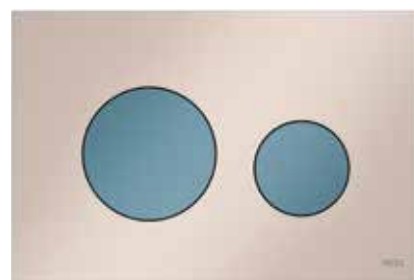

Brushed Black Chrome

Now there's colour in the mix:

Individually manufactured TECE flush plates – colour coordinated for bathroom furniture, fittings, accessories, tiles or wall colours.

We deliver our flush plates in all sanitary and ceramic colours as well as all RAL and NCS tones.

Countless possibilities:
Here you can see TECEloop in the trendy wall colour look.

1 TECEsquare II toilet flush plate in "Polished Red Gold", colour coordinated to washstand fitting and accessories.

THE PERSONAL TOUCH:

TECE flush plates with brand statement –
printed in silver-grey or anthracite.

Simply send us your logo by email.
Tell us which flush plate you would
like and where you would like
your logo to be positioned – after
maximum 2 weeks, we will send you
a PDF for viewing and approval.
