Water Dispensing
TECHNOLOGIES

Tea Now.
Lobster Now.
Loose Lids Now.
Seriously, Now?

● **You'd be surprised** how useful a little hot water can be. Whether you're cooking, cleaning, or just having a cup of tea, the InSinkErator® instant hot water dispenser makes it happen. Now.

Hot Water Now[®]

- Near-boiling water? Right when you need it? That's hot.

The InSinkErator[®] instant hot water dispenser sits right on the edge of your kitchen sink, the perfect complement to your faucet. Ready to dispense filtered near-boiling (200°F) water at your command.

Filtered Water Now.

- Cold filtered water? Right where you need it? That's cool.

The InSinkErator® hot/cold water dispenser (HC models) can also dispense cool filtered* water right at your kitchen sink. Now you can be assured the best tasting and safest water for drinking and cooking.

* F-701R filtration system required for filtered water

101 ways to use an instant hot water dispenser...

that is, until you discover a few more.

Eat.

Cook pasta al dente, blanch vegetables, melt chocolate, thaw frozen foods, serve hot cereals and instant potatoes, make lump-free gravy, rehydrate dried foods, easily peel fruits and vegetables, warm an ice cream scoop, and prepare pie crusts and breads.

Drink.

Serve the perfect cup of tea, prepare gourmet coffee, thaw frozen juice, make hot chocolate, and enjoy instant flavored water.

Clean.

Loosen baked-on food, remove stubborn lids and labels, clean wax from candle holders, rinse residue from vases, clean out recycling containers, and bring sparkle back to silverware.

Nurture.

Prepare baby bottles and foods, make a hot compress, use steam to help sinus congestion, clean without harsh chemicals, and pamper tired feet.

- But it doesn't stop there. For even more uses visit insinkerator.com.

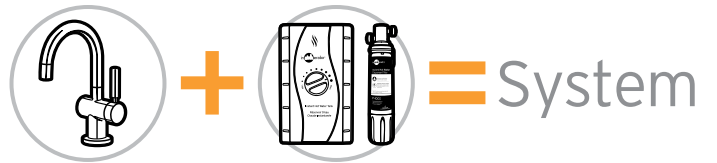

Modern. Contemporary.

Sleek, artistic dispenser designs complement today's finest kitchens.

- **Your style, your finish, your choice.** What's your style? Traditional, transitional, modern? We've got them all in sleek, elegant, and clean designs. What finish fits your kitchen? Looking for satin or polished nickel, chrome or brushed chrome, mocha or oil rubbed bronze, gloss or matte black? How about white, biscuit or french gold? Our designer finishes are made to coordinate with your kitchen décor.

- Reduces chlorine, lead, turbidity, particulates & other unpleasant tastes and odours
- NSF Standard 42
- 6-12 month expected filter life, depending on water quality and use
- Two filter cartridges per pack

ACCESSORIES

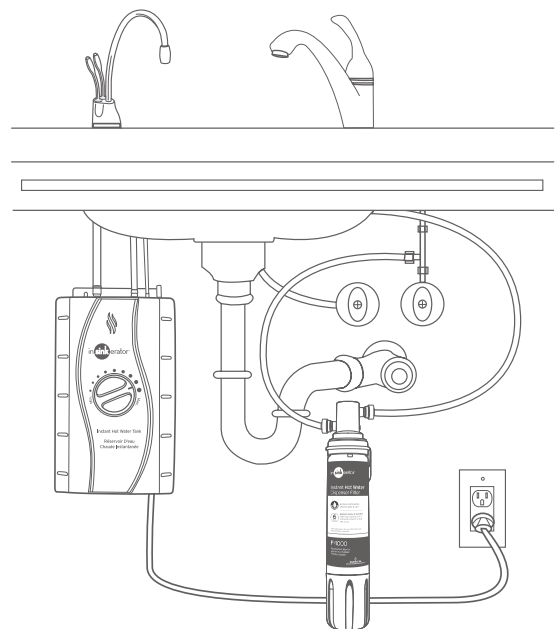

Hot water, instantly? How does that work?

- **It's actually pretty simple.**

Water comes up from your supply line into our specially designed filtration system. From there it travels to the stainless steel tank, where it's heated to 200°F. As the water is used, more water replaces it in the tank.

- **Easy to install. Easy to replace.**

All of our instant hot water dispensers fit a standard 1.5-inch hole on the sink or the countertop. Which makes them an easy addition to any kitchen or replacement for any existing hot water system.

Water Dispensing
TECHNOLOGIES

Saves TIME ... Good for you | **Saves MONEY**... Good for the wallet | **Saves WATER** ... Good for the environment

The instant hot water dispenser has become a favorite among homeowners because it not only speeds up the preparation of meals and hot beverages, but its low energy consumption also saves money. Instant hot water dispensers also save water because you never have to wait for the water to "heat up."

- 2/3-gallon stainless steel tank is insulated for excellent heat retention
- Water is heated only when needed by a 750-watt element
- Adjustable thermostat maintains a near-boiling water temperature

COMPARISON CHARTS

● ***We Come To You®*** In-Home Limited Warranty

If your dispenser develops a material or mechanical defect within its warranty period, it will be replaced in your home - free of charge.

See complete warranty at www.insinkerator.com for full details.
